Description: *Murray Kopelow, MD, ACCME Chief Executive, explains that the ACCME is seeking input on three proposals, in accordance with our Rulemaking Policy. Please click on the links below to be redirected to a brief explanation of each Call for Comment:*

1. [Complaints and Inquiries Process: Balancing Transparency and Confidentiality](#)
2. [Knowledge-based CME Activities](#)
3. [ACCME's Recognition Process](#)

Several years ago, the ACCME adopted a rulemaking process, because from time to time ACCME makes refinements, revisions, replacements or creates new policies to guide the accreditation of continuing medical education providers. In our policy, we promise to share our proposals, provide you with a comment period, reflect on what you said, what we heard from the comments, before we make a decision on what to adopt as a final policy. There are three such proposals that the ACCME wants you to consider at this time.
