

ACCME® “Education and Training” Website Resources

Release date: August 13, 2009
Release Notes 1.0, Last Updated August 13, 2009

Overall Description

- New “Education and Training” website tab
 - o Located on www.accme.org, the *Education and Training* tab provides a variety of educational resources to continuing medical education (CME) professionals and accredited CME providers to support their efforts to plan and implement *CME that Matters to Patient Care™*.
- *Education and Training* Content
 - o *Perspectives:*
Watch interviews with CME leaders who discuss insights about how they have used CME approaches successfully within their institution or system.
 - o *Video FAQs:*
View brief videotaped answers to frequently asked questions (FAQs) received by the ACCME, including content related to the ACCME® 2006 Accreditation Criteria, accreditation process, and expectations.
 - o *Workshops:*
Learn about upcoming ACCME educational activities, including the *CME as a Bridge to Quality™* Accreditation Workshops and other live educational events. Workshops are designed to help CME professionals of all skill-levels develop strategies to ensure organizational compliance with ACCME Criteria and Policies in support of continuing education as a strategic asset to improving healthcare.
